MESSAGE FROM THE VICAR

With God, All Things Are Possible

Dearly beloved in Christ,

> *"Jesus looked at them and said, 'With man it is impossible, but not with God. For all things are possible with God.'"*
> MARK 10:27

We live in a world where many people believe that human beings can accomplish anything through their own abilities, knowledge, intelligence, and achievements. They often think that they do not need anyone's help, not even God's. Human progress has been remarkable, but there are still limitations that no human being can overcome.

1. God Has No Limitations

Human knowledge is limited. Human strength is limited. Human wisdom is limited. We may have plans for tomorrow, but we do not know what tomorrow will bring. We may have money, education, position, and influence, yet there are situations in life when all our resources fail.

But God is different. He is omnipotent—He has all power. He is omniscient—He knows everything. He is omnipresent—He is present everywhere. What is impossible for us is never beyond His power.

Therefore, we must not depend entirely on our own abilities. We should acknowledge our limitations and trust in the unlimited power and wisdom of God.

2. God Is Eternal

The Word of God reminds us that human life is like grass, and its glory is like the flower of the field. The grass withers, and the flower fades, but the Word of our God stands forever.

We may be proud of our achievements today, but our strength and beauty will fade. Our positions may change, our wealth may disappear, and our lives on this earth will come to an end. Everything in this world is temporary, but God remains eternal and unchanging.

Therefore, we should never place our ultimate confidence in our earthly achievements or possessions. Instead, we must depend on the eternal God, whose promises remain faithful and whose Word stands forever.

3. Nothing Is Impossible with God

Jesus declared in Mark 10:27, "With man it is impossible, but not with God. For all things are possible with God."

MESSAGE FROM THE VICAR · CONTINUED

This verse reminds us that human beings have limitations, but God's power is unlimited. However, it does not mean that God will grant every desire we have or fulfil all our plans according to our wishes.

In its context, Jesus was teaching about the impossibility of salvation through human effort. What human beings cannot accomplish by themselves, God can accomplish through His grace. Salvation is not something we can earn through our wealth, status, good works, or personal achievements; it is God's gracious work.

When we face difficulties, let us not lose hope. When our strength fails, let us depend on His strength. When our wisdom is insufficient, let us seek His guidance. When the way ahead seems impossible, let us continue to trust Him faithfully.

Conclusion

The world encourages us to trust in our own abilities, but the Bible teaches us to put our ultimate confidence in God. Human strength may fail, human wisdom may be insufficient, and human life may fade like a flower. But God remains powerful, wise, faithful, and eternal.

Let us acknowledge our limitations, use our God-given abilities faithfully, and depend on Him in every circumstance.

God has no limitations. God is eternal. Nothing is impossible with God.

Amen.

Rev. Prakash Thomas
Vicar, Madras Parish
